For more than 25 years, the Jeep Grand Cherokee has been the mechanism that makes exploring possible. Whether you're exploring the city you call home or the open road, the Jeep Grand Cherokee has always been a good choice, and still is into the 2020 model year.

In this *Buyer's Guide to the Jeep Grand Cherokee*, you'll get a closer look at what makes this adventure machine tick. You'll see what it has to offer when it comes to performance, design, technology, safety, and more, so you can see how it'll fit into your unique lifestyle.

Let's get started with a brief overview of the 2020 Jeep Grand Cherokee's specifications!

The 2020 Jeep Grand Cherokee at a Glance

Maximum Horsepower & Torque: 707 horsepower & 645 lb-ft of torque

Maximum Towing Capacity: Up to 7,200 pounds when properly equipped

Best Fuel Economy: EPA-estimated 19 city/26 highway/22 combined MPG

Front / Rear Legroom: 40.3 inches/38.6 inches

Standard / Maximum Cargo: 36.3 cubic feet/68.3 cubic feet

Powerful Equipment Under the Hood

The 2020 Jeep Grand Cherokee is a powerhouse when it comes to capability. For starters, this model gives you a choice among four impressive engines. Standardly, you'll get a 3.6L Pentastar® V6 engine that can be swapped out for a 5.7L HEMI® V8 engine or a 6.4L V8 engine that produces a commanding 475 horsepower and 470 lb-ft of torque.

Working together with the latter engine to maximize your capability is an 8-speed automatic transmission with five selectable Drive Modes. Switch among Auto, Sport, Track, Snow, and Tow depending on your driving circumstances, so you get the best possible performance.

For the most power and capability possible with this model, though, you'll want to opt for the Supercharged 6.2L V8 engine. This engine generates a Herculean 707 horsepower and 645 lb-ft of torque, which will enable you to move up to 7,200 pounds.

With this kind of towing capability and other necessary towing equipment, you'll be able to move all kinds of things with your Jeep Grand Cherokee, like lightweight towable camper trailers for weekends in solitude, small recreational boats, utility trailers strapped with big toys like snowmobiles and water skis, and much more.

Ready for Adventure at All Times

As a Jeep vehicle, the 2020 Grand Cherokee was designed with adventure in mind. That's why this model can be fitted out with all kinds of performance enhancing equipment features, including:

High-Performance Brembo Brakes: With so much power and capability to offer, you'll need High-Performance Brembo Brakes to get you stopped when need be. These brakes come with 6-piston front brake calipers and either 15.75-inch slotted rotors or 15-inch vented front rotors.

Selec-Track® with Launch Control: The launch and torque reverse system in the SRT and the Trackhawk works to ramp up power before you hit the pedal so that when you do, you have the most possible power from the get-go.

Selec-Terrain® Traction Management System: This system works with the 4x4 drivetrain to maximize your traction in all kinds of driving conditions with several selectable drive modes. Switch among Sand Mode, Snow Mode, Auto Mode, Mud Mode, and more.

Quadra-Trac® Active On-Demand 4x4 System: This system, which works together with Rear Electronic Limited-Slip Differential, uses advanced sensors to monitor the conditions of the road underneath you. Based on the data it collects, it will automatically adjust the torque distribution to give you the best grip.

As you can see, these features are designed to maximize your confidence on any surface you find yourself on.

For maximum capability, you'll want to check out the Trackhawk trim level of this model. This trim wears the Jeep Trail Rated® badge, signifying its outstanding excellence in five key performance categories: traction, ground clearance, maneuverability, articulation, and water fording.

Passenger Comfort & Spacious Cargo

Inside the cabin of the 2020 Jeep Grand Cherokee, you'll find five spacious seats. The balance between front-passenger and rear-passenger comfort is nearly perfect, so you can ensure everyone is comfortable with these roomy passenger-area dimensions:

	Front Row of Seats	Rear Row of Seats
Headroom	39.9 inches	39.2 inches
Hip Room	57 inches	56.2 inches
Legroom	40.3 inches	38.6 inches
Shoulder Room	58.7 inches	58 inches

In addition to all this space you and your passengers will get, you'll also get a variety of premium comfort features to choose from. Ramp up relaxation inside the cabin with available features, like Natura Plus or Nappa leather seating surfaces, heated and ventilated front seats, and a CommandView® Dual-Pane Panoramic Sunroof that truly immerses you in the beautiful scenery around you.

5

As an SUV, the Jeep Grand Cherokee also prioritizes cargo. Without sacrificing any of your rear seats, you'll get 36.3 cubic feet behind the second row, which is plenty of room for overnight bags, huge hauls of groceries, and the kids' sports equipment.

If you have bigger items to cart, utilize the 60/40 split-folding capabilities of the rear seats to fold down one, two, or all three rear seats depending on what you need to move. For long items, like snowboards and skis, fold down just one. For moving boxes and furniture, you'll want to fold all the rear seats and take advantage of this model's 68.3 total cubic feet of cargo space.

Top-of-the-Line Technology Features

The 2020 Jeep Grand Cherokee is as tech-savvy as it is terrain-savvy. Inside the cabin, you'll have a wide range of advanced features to enjoy. In the center of it all, you'll find one of several available Uconnect® infotainment systems.

For the most possible connectivity and convenience, you'll want to opt for the high-end Uconnect® 4C NAV system. With it, you'll get an 8.4-inch touchscreen display, turn-by-turn navigation, integrated Voice Command, and SiriusXM® All Access Package. Listen to hundreds of different satellite radio channels through the available Harman Kardon® 19-speaker premium audio system.

Additionally, you'll be able to stay connected wherever you go thanks to the many connectivity options offered by this system. Use Bluetooth® to make hands-free phone calls and wirelessly stream audio while taking advantage of your favorite smartphone apps via Apple CarPlay® and Android Auto™.

The Grand Cherokee still doesn't stop there, though. This model also offers Jeep® Skill for Amazon Alexa. Using your voice and your Alexa home devices, you'll be able to start the vehicle, check how much gas you have in the tank, pre-load an address into the navigation system, and more from inside the house.

You can also transform the cabin into a streaming paradise with the available 4G LTE Wi-Fi® hotspot. Your passengers will be able to connect up to eight devices to the hotspot, or spend hours entertaining themselves with TV shows, movies, and more with the available Blu-Ray™ Rear Entertainment System.

State-of-the-Art Active Safety Systems

The 2020 Jeep Grand Cherokee is one of the most forward-thinking SUVs on the planet with more than 70 standard and available safety and securing features to help you stay as confident on the road as possible. Many of these safety features are bundled into three advanced active safety packages:

ProTech I Package	<ul style="list-style-type: none"> • Blind Spot Monitoring with Rear Cross Path Detection • ParkSense® Rear Park Assist • ParkView® Rear Back-Up Camera
ProTech II Package	<ul style="list-style-type: none"> • All the features of the ProTech I Package • Forward Collision Warning with Active Braking • Advanced Brake Assist • LaneSense® Lane Departure Warning with • Lane Keep Assist • Automatic High-Beam Headlamps
Advanced ProTech II	<ul style="list-style-type: none"> • All the features of the ProTech I & ProTech II Packages • Full-Speed Forward Collision Warning with Active Braking • Adaptive Cruise Control with Stop & Go • Parallel and Perpendicular Park Assist • Rain-sensing Windshield Wipers

These advanced active safety features are expertly designed with advanced sensors and exterior cameras in order to give you peace of mind no matter where you're heading. Using this tech, you can stay safer and more secure at all times.

Which active safety package you get with your Jeep Grand Cherokee depends on the trim level that you choose. The ProTech I Package comes standard on all Grand Cherokee models. The ProTech II Package is reserved for the Laredo, Upland, and Altitude trim levels. The Advanced ProTech can be found standardly on the High Altitude, Limited X, Summit, SRT, and Trackhawk trim levels.

In addition to these advanced active safety features, you'll get seven standard airbags that are strategically placed throughout the cabin as well as an advanced high-strength steel chassis.
